AL AZZAM FOUNDATION FOR MEDIA PRODUCTION

Al-Furqan and the Devil's Wishes

As soon as al-Furqan Foundation announces a new media release, the whole world stands by waiting for what it is, whether it is audio or something else. The mujahidin and their supporters are waiting with passion. The munafiqin and their followers are waiting with worry, asking themselves, what does al-Furqan carry up in its sleeve? This case is not new, but it increased significantly in recent years for many reasons and circumstances, including the repeated attempts of the kuffar to cover their battlefield failure by creating fake victories that only exist on the pages of newspapers and social media platforms.

It is not our habit - in an-Naba newspaper - to address the speeches of al-Furqan in the editorial pages, because the speeches of al-Furqan are enough to be published. Still, we saw that it is beneficial to talk about the latest audio speech of Shaykh Mujahid Abu Umar al-Muhajir (may Allah protect him) from many angles, to demonstrate the sincerity of the official Islamic State media, its professionalism, and its efficiency, and the extent of its effect against the lies of the official and non-official media of the enemies of the Islamic State, and their absurdity. Here, we are not comparing the two teams, because the difference between them is enormous, but because things are defined by their opposites.

The new speech of al-Furqan has come after the "analysts" drowned in their analyses and the "liars" in their lies until they wildly exaggerated and did not reach a tenth of what they wanted of the inhibition and disturbance that is the task of munafiqin and deviants, past and present, where they aim to cause unrest and disturbance among Muslims and weaken their determination. They are those about whom Allah said, "those who spread rumors in al-Madinah," where they are the ones who generate false news that cause disorder among people."

In the past, "analysts" kept "truth" to a minimum in their analyses. They try as much as possible not to stray too far from this point. They do not follow the truth and avoid falsehood, or express honest and beware of falling into lying, but only to maintain their professional "reputation" in influential media that effect the "world public opinion" or have an influence on decision-making circles. Still, today in the age of crowded amateur platforms, demagogues, and mobs, the "analysts" are no longer analyzing but wishing!! Each analyst makes their wish!! Their wish is the death of the spokesman shaykh (may Allah protect him) and exhausting himself trying to prove it! And their wish is the capture of the Khalifah of the Muslims (may Allah protect him), and he manipulates everything in the media to serve his wish! And other wishes such and such, and their wish list goes on and on, but their desires do not deviate from the wishes of the kuffar, murtaddin and the dreamers of the elimination of the Islamic State and its leaders (may Allah protect them). They are only wishes, and they only think.

For these "analysts" to achieve their wishes and unload the grudges from their chests against the Islamic State, they distort the official speeches of the mujahidin leaders, transforming their intentions into what was not intended and perhaps did not even occur to those who said it, and it will not occur. The thoughts of the believers and the munafiqin differ. The believers have their desires according to what the Prophet ﷺ brought. As for the munafiqin, their desires follow what Satan has, and their souls that command evil.

And while the imposter and swindler "analysts" cheers every once in a while, according to their analyses, their lies, and even their wishes, al-Furqan comes out and dispels their illusions, destroys their dreams, disturbs their ecstasy, and turns their wishes into heartbreaks that fall again them in anger and rage. Hopefully, after that, they will shut up and be silent, but they continue to deceive and lie, and they persist in their sin do not repent nor remember. They start a new losing round, looking for any Satanic way to continue the task of disturbing. The only way to do that is by lying and what springs from that. The Prophet ﷺ said: "And beware of lying! Lying leads to immorality." [Agreed upon] And the contemplator in the conditions of these liars called "analysts" sees the text of the Prophet's Hadith. When they perpetuated lying, that led them to immortality. They became immoral in everything until it became a trait that did not leave them. This is enough powder for the fire. May Allah save the believers and us.

So, they proceed in their analysis and judgment against the Islamic State from the misguidance of their hearts and the ugliness of their intentions, and they persist in lying! They think that everyone like them grew up lying! The same you are raised, the same you will be when you are old, Allah forbid.

From another angle, they think that the official media of the Islamic State has the luxury of time and effort to answer each one of their endless heresies and lies or refute their falsehoods that do not stop. Undoubtedly, this also comes from their misconceptions about the reality of the Islamic State media and its policies and its mechanism of action. It also undoubtedly comes from their ignorance of the ferocity of the war in the media the Khilafah soldiers are waging on fronts that are no less fierce than the wars on the military field. The mujahidin working in this critical field pay their souls and the blossom of their youth as a price for this blessed jihad in the field of speech and word. We ask Allah to accept them, grant them steadfastness, and reward them for Islam with the best reward.

And that is what counts for all the official media of the Islamic State, al-Furqan on top of them. It is preserving the media speech, pulsating with tawhid and louder with truth, enjoining virtue and forbidding vice, combining softness and harshness in their respective places, and taking from the Book vigorously; it does not flatter, it does not bargain, and it is not ashamed of the truth to satisfy desires of the scum or whims of the slaves. In all of this, there is no deviation from the Book and the Sunnah. At the same time, the speeches of what is called "the jihadist movement" deviated from the right path and fell to the point of identifying with the people of falsehood, their calls of jahiliyya, and the dissolution in their reality under the terms "keeping up with reality" and "the requirements of the stage". This is the secret to why the speeches of the Islamic State continue to exercise influence at the fore of the scene despite the high ferocity of the world war against it from all the sides of shirk and evil in the world. We should point out that most chapters of this raging war run in secret, and not many people know about it. We count that Allah knows. glory be to Him, and He is the Helper and the Supporter.

The Khilafah soldiers are fighting their war today on two interconnected, inseparable fronts: that of military confrontation and that of the word and statement, slandering the people of falsehood, nullifying their plots, and exposing their conspiracies. On that battlefield, they make the Muslims aware, warn them against the deception of their enemy, and show them the way of the criminals to avoid them, just as they show the way for the believers to follow and walk upon. There is no other way to lead to happiness in the two Worlds, and the best outcome is for the righteous.

42 Members of Malian army, 60 Members of Murtadd Militia, and 15 Members of Wagner Militia Killed,

as Khilafah Soldiers Announced Extension of Their Attacks to Benin

The Khilafah soldiers went to fight with the murtadd militias in the town of Talataye

Sahel Wilayah

Exclusive A special source told An-Naba about the recent attacks and major developments in the Sahel wilayah in the recent weeks, and the source also told about a major attack on a Malian army base in the town of Tesit, when more than 42 of their members were killed, as the mujahidin captured the base and maintained hold of it for a while. The source also revealed the expansion of the mujahidin's operations to the state of Benin, announcing their first attack there, in addition to announcing the killing of 15 members of the Russian Wagner militia, as the source indicated an attack on a joint convoy of the Malian army and the militia in the Talataye area, which left dozens of dead in their ranks, and the attacks came as follows:

More than 60 Soldiers Killed during Attack on Center of Tesit

In the details, with success from Allah, the Khilafah soldiers launched on Sunday (9th Muharram) a large-scale attack on the main military base of the murtadd Malian army in the center of Tesit town in the Gao region, northeastern Mali, using various types weapons including light, medium and heavy weapons and rocket-propelled grenades. This coincided with the attack on 10 small sub-barracks on the outskirts of the town, which resulted in the killing of more than 42 members, the capture and slaughter of two members, and the injury of more than 20 others. The attack also resulted in burning seven vehicles and seizing ten other vehicles as well as a large quantity of Ammunition and various weapons, including a mortar, as ghanimah, and all praise is due to Allah.

New Plan for Second Attack

The source of An-Naba indicated that the mujahidin benefited from their previous attack on the Malian army in Tesit, which took place in Sha'ban last year, when many elements of the Malian army were surrounded by the mujahidin as they started their attacks on the sub-barracks on the outskirts of Tesit, forcing the Malian army to flee from their barracks to the town, which made the mujahidin's leadership make precise adjustments to the plan of the second attack, and accordingly, the main base and the sub-barracks were attacked simultaneously to cut off the escape route for the defeated soldiers, and the mujahidin immediately stormed the town and combed it completely in search of any element that remained inside, with success from Allah. And the source confirmed to An-Naba that after the attack, the mujahidin took control of the entire town for six continuous hours, from 12:00 in the afternoon until 18:00 in the afternoon, during which the entire town was combed, and a local official and two of his bodyguards were captured.

The Army Admits 42 Dead and Claims to Have Repelled the Attack!!

Contrary to the allegations of the Malian army, the source confirmed to An-Naba that only one mujahid was killed in this attack due to the wounds he sustained during the clashes. The source said this in the context of his response to the false statements of the Malian army in which it claimed that it was able to "repel the attack", and announced the killing of "large numbers" of the mujahidin in the wake of the attack.

It is noteworthy that the huge loss suffered by the Malian army was described as the "greatest loss" in the last four years; It prompted the army and the Malian government to officially acknowledge the killing of 42 soldiers, the missing of 9 soldiers, and the wounding of 22 others, in addition to the killing of " the popular figures and the locally elected officials", as they put it, during combing operations inside the town. The Malian army declared "three days of mourning" in Mali to mourn its dead in the attack which it claimed to have "repelled forcefully"!

Mujahidin's Operational Expansion to Benin and Death of 6 Soldiers of Benin Army

On the other hand, and in a new field expansion of the Khilafah State to new countries in Africa, the attacks of its soldiers this time affected the army

Clash between the Khilafah soldiers and the murtadd militias in the town of Talataye

of the state of Benin. Two months ago on Wednesday (2nd Dhu al-Hijjah), they Khilafah soldiers attacked a Benin army patrol in the village of Fakwara to the north of Benin, and they clashed with them with light and medium weapons and rocket-propelled grenades, which resulted in the killing of four members and the injury of others and their escape, and the mujahidin seized weapons and equipment as ghanimah, and returned to their positions safely, and all praise is due to Allah.

On the following day, Thursday (3rd Dhul-Hijjah), the Khilafah soldiers set up an armed ambush for a Beninese army patrol, near the town of Gin on the road linking the towns of Malanville and Kandy in the Alibori region, and targeted them with various weapons, which led to the killing of two members and the escape of the rest, and the mujahidin seized their weapons and two motorcycles as ghanimah, and returned to their positions safely, and all praise is due to Allah.

15 Members of Wagner Militia Killed

In another military development, the Khilafah soldiers attacked on Monday (2nd Safar) a joint patrol of the murtadd Malian army and the Russian Wagner militia, after they entered the town of Selta in the Ansongo region and opened fire indiscriminately on the general Muslims in the border area with Niger. So, the Khilafah soldiers clashed with them with various weapons, which resulted in the killing of about 15 members of the Wagner militia and the injury of others, and burning five of their vehicles, in addition to killing and wounding a number of others from the Malian army, and all praise is due to Allah.

More than 60 Members of Murtadd Militia Killed

On the level of the war against the murtadd militias, repeated attacks were conducted by the Al-Qa'dah militias and the Azawad militias on the common Muslims in Talataye, until they recently came to the point of shooting the common Muslims and their livestock to the south of the areas of Talataye on the pretext that they are affiliated with the Islamic State. The Khilafah only moved to stop these crimes and the blatant encroachment on the blood and property of Muslims.

Hence, on Tuesday (10th Safar), the Khilafah soldiers attacked the positions of the Al-Qa'dah militias to the west of the town, and the concentrations of the Azawad militias to the east of the town, and they captured of an Al-Qa'dah element, burned of four vehicles, and seized six other vehicles, in addition to seizing a large amount of ammunition, guns, and various weapons, as ghanimah, and all praise is due to Allah.

The murtadd Malian army announced that it had launched a number of air raids against the mujahidin in support of the murtadd militias on the ground.

It is noteworthy that in most of the battles that take place between the mujahidin and the Al-Qa'dah militias inside and around the town of Talataye the murtadd Azawad militias participated alongside Al-Qa'dah militias.

With success from Allah, on Tuesday (10th Safar), the Khilafah soldiers detonated a mine planted on a four wheel drive vehicle of the murtadd Rafidah army near the village of At-Tar to the south of Daquq, disabling the vehicle and wounding two people, and all praise is due to Allah.

{And Hold Fast, all of you together, to rope of Allah}

Statement by the Official Spokesman of the Islamic State

The Mujahid Shaykh Abu Umar al-Muhajir

-May Allah Protect Him-

All praise is due to Allah, the Powerful, the Firm, who brings glory to His worshipers the muwahhidin, and brings humiliation upon His enemies the kuffar. Peace and blessings be upon he who was sent with the sword as a mercy to all of Creation, and upon his family, his Companions, and all who followed them in uprightness until the Day of Judgment. As for what follows:

All praise is due to Allah, who has guided us to Islam. All praise is due to Allah, who has made us among the people of jihad for His sake, the people atop the highest summit. ***{All praise is due to Allah, who has guided us to this; and we would never have been guided if Allah had not guided us}*** *[Al-A'raf: 43]* All praise is due to Allah, who had honored us and given us favor by making us among those who call to His correct religion and His straight path. All praise is due to Allah, who has guided us to fight against His enemies and support His cadres. All praise is due to Allah, who has granted us to rule by His Shari'ah in every spot of the earth on which He empowered us, and helped us to strive to rule by His Shari'ah in those spots we have yet to reach. So, all praise is due to Allah, first and foremost, and inwardly and outwardly. Allah said: ***{[And they are] those who, if We give them authority in the land, establish prayer and give zakah and enjoin what is right and forbid what is wrong. And to Allah belongs the outcome of [all] matters}*** *[Al-Hajj: 41]*

The Islamic State continues on its path, holding the banner of tawhid and protecting it and defending it with all they hold dear, and fighting the enemies of Allah in compliance with His order. Allah said: ***{And when the sacred months have passed, then kill the polytheists wherever you find them and capture them and besiege them and sit in wait for them at every place of ambush. But if they should repent, establish prayer, and give zakah, let them [go] on their way. Indeed, Allah is Forgiving and Merciful}*** *[At-Tawbah: 5]* And it follows the Sunnah of our Prophet Muhammad ﷺ Al-Bukhari, may Allah have mercy upon him, narrated from the Hadith of Ibn 'Umar, may Allah be pleased with them, that the Messenger of Allah ﷺ said: "I am commanded to fight with men till they testify that there is no god but Allah and that Muhammad is the Messenger of Allah, establish prayer and give zakah. When they do that they will keep their lives and their property safe from me, except for what is due to Islam; and their reckoning will be at the hands of Allah." We continue to take this approach and follow its light. We are not harmed by those who oppose us or those who forsake us, by Allah's permission. We take delight in what the Messenger of Allah ﷺ said, in what Imam Muslim, may Allah have mercy on him, reported from the Hadith of Mu'awiyyah, may Allah be pleased with him: "A group of people from my Ummah will continue to obey the order of Allah, and those who desert or oppose them shall not be able to do them any harm. They will be dominating the people until the order of Allah is implemented."

We will rule by the Shari'ah over every handspan
Despite the noses of the kuffar
We will send them to the cradle of death by force
And remain as mujahidin
We will raise the banner of tawhid
Until the Shari'ah reigns over all of creation
We will help the brothers in faith in all glory
and we will untie the binding shackles of the Muslims
(Allah willing)

I congratulate the Islamic Ummah and the soldiers of the proud Islamic State for freeing their captive brothers in Nigeria from the prison of the tawaghit in Koge, after Allah helped His worshipers the muwahhidin, the lions of war, penetrate it, demolishes its walls, break its gates, and bring out their dear brothers, despite the noses of those who remain in spite. The African lions were not content with this also, so their brothers in Central Africa stormed one of the prisons in the Democratic Republic of the Congo, eliminating its guards, smashing its fortifications and killing those of them they killed and made the rest to flee. And so they untied the binding shackles of the Muslims, making the kuffar stunned by what they witnessed.

Take heed of the glad tidings O Muslims, for the lions of tawhid and the knights of jihad have resolved that no Muslim prisoner will remain in the prisons of the tawaghit, Allah willing. In that pursuit, they seek help in Allah and place trust in Him, no matter if it takes long or short. The prisons will remain our foremost target until we take all our brothers and sisters out from them, by the power of Allah and His strength.

May Allah bless you O heroes of West and Central Africa. Despite the severity of the campaigns against you, you took the initiative in following the order of your Prophet and fulfilling the promises made by the leaders of the Islamic State to free the Muslim captive and proudly take them out from the prisons. May Allah raise your rank, imbue you with firmness, and grant you victory over your enemy, and He is worthy of this and is able to bring this to pass.

O mujahideen in all the Wilayat, you have witnessed the deeds of your brothers in Africa, so follow their example and do as they have done, for you are not below them in rank nor shorter in hand.

To the Muslim prisoners who were freed by the Islamic State and were not among their ranks, you have tasted the bitterness of imprisonment and the subjugation of the tawaghit, and you have witnessed firsthand their kufr and their hatred for the Muslims. Therefore, gather around your brothers the mujahidin and unite with them in their war against the kuffar, and strive to free those remaining of your captive brothers in the prisons, for you know better than anyone else their situation and the need to support them.

As for those whom the Islamic State (may Allah grant it glory) has freed and were in the ranks of its enemies, we have left you alone so that you know that we do not fight you out of bloodlust or a desire for power. No, we fight you for the sake of "La ilaha ill Allah" and for the cause of uniting the ranks of the Muslims and holding fast to the firm rope of Allah. We left you alone so that you reconsider, come back to your senses, and repent for your wrongdoing. Our doors are open for you to return. Know that your standing on the side of the jama'ah is more precious to us than fighting you. Look into your matters, and to Allah belongs the outcome of all matters.

To the captive Muslims everywhere, I will tell you only that when we had promised before to free you, we have firm trust in our dear Lord and did not doubt for a moment that with the power of Allah and His strength, you would emerge to what gives your pride, Allah willing. What happened with the demolishing of the walls of Koge, Kakwangora afterward, and Ghwayran one year before that, is but a drop from the down-pouring rain of victory and the coming relief, by Allah's permission. We will not speak long on this, for our actions, will prove to you the sincerity of our determination, Allah wlling, and. Allah is the Granter of success.

As for the appeal we launch today, we address it to the Islamic Ummah and its sons. What are you waiting for? The kuffar have divided, where there is a communist Eastern camp and a capitalist Western camp. The kuffar are fighting over dominance of the world. The communist countries, both small and large, have encroached upon the Hobal of the era, America. By Allah, none broke its thorn, forced its nose to the ground, and made it small in their eyes but the mujahidin for the sake of Allah, starting from the spark that set off in Iraq to this day. Here are the clouds of war lit with lightning and thunder, where sometimes it rains here and sometimes it rains there, and soon, by Allah's permission, the valleys of blood from the Crusader, the Magian, the Rafida and others will flow in different corners of the earth. Do not think that you will be spared from this war, for the worshipers of the cross will force the tawaghit of your country into it, whether they like it or not. So, reconsider and also consider others.

Allah ﷻ said: ***{Those who believe fight in the cause of Allah, and those who disbelieve fight in the cause of Taghut. So fight against the allies of Satan. Indeed, the plot of Satan has ever been weak}*** *[An-Nisa: 76]*

Al-Bukhari narrated that Abu Musa (may Allah be pleased with him) reported: "A man came to the Prophet ﷺ and said: "O Messenger of Allah! What kind of fighting is for the sake of Allah? (I ask this), for some of us fight because of being enraged and angry and some for the sake of his pride and haughtiness.' The Prophet ﷺ raised his head and said: He who fights so that Allah's Word should be superior, then he fights for the sake of Allah."

Here is the Islamic State (may Allah grant it glory), the only state that calls to the religion of Allah, rule by His Shari'ah, and the elevation of His word so that it reigns supreme, without fraud, deceptive dress, or appeasement. It appeals to you to join it and support it so that it becomes a shield for you and all Muslims and a bulwark against kufr and its people. So come to salvation, O wise ones.

I specify the Muslims in general in East Asia, in the Philippines, Singapore, Malaysia, Indonesia, and those in Hind, Bengal, and Pakistan. We have seen that you are weak, but you are not few, as you are like stars in number. However, you are less determined and firm, and you have been consumed by fear and lack courage to support the religion of Allah and fight His enemies. Here are your brothers the mujahidin in the Islamic State, so join them, help them, and assist them in their fight against the Hindus, the communists, the kuffar and the murtaddin of your own skin. Your enemies have brazenly dared to transgress your religion.

So, how long will you remain silent and

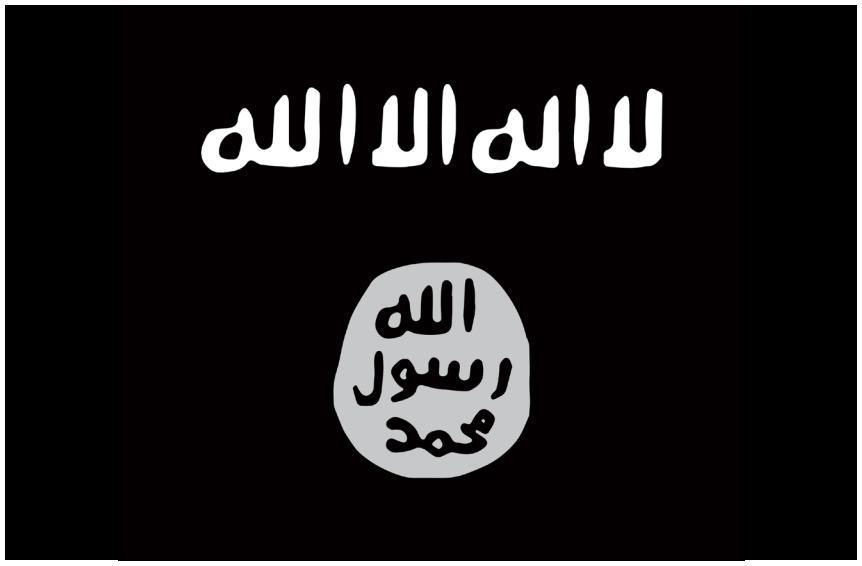
HALUMMU

sit in humiliation and shame? What do you fear? In spite of your silence, you are still being killed, tortured, and humiliated. They hate you only because you are Muslims. The Hindus feel safe from you, so they transgress your religion and insult your Prophet, may my father and mother be sacrificed for Him ﷺ How do you want to meet Allah? What argument will you give? Are the worshipers of cows more fervent for their cow, and the worshipers of mice more ardent for their mouse, and you are not at all fervent for your religion and the honor of your Prophet? By Allah, this is acceptance of humiliation and shame, and love for this world. The truthful and trustworthy, may the peace and blessings of my Lord be upon him, said in the narration of Imam Ahmad and Abu Dawud, with two good chains of transmission, and as Ibn Umar (may Allah be pleased with him) reported: The Messenger of Allah ﷺ said: "If you sell anything on credit to anyone, on the condition that you will buy it back for a lower price (al-'Einah), take hold of the tails of cattle, become pleased with agriculture and give up jihad - Allah will make disgrace prevail over you and will not remove it from you till you return to your religion." So, return to your religion, support your brothers, and do jihad for the sake of Allah, for then you will obtain the good of this world and the Akhira, by the permission of Allah.

To the Ahlus-Sunnah in Africa, the sun of truth has shined brightly and clearly for you. Here are the mujahidin today, by the grace of Allah, filling the African land with equity and justice after it was filled with inequity and injustice, and with the expansion and extension of the Muslims, and glory, victory, and empowerment, by the grace of Allah alone. They removed from the sky of Africa the whirling dust of the decades of the subjugation of its sons to the Crusaders and the theft of its wealth. So, look at the humiliation you experienced and raise your eyes to the glory upon the sons of the Islamic State today, after you were driven as slaves to extract the resources of your country to be stolen by the Crusaders, and after your sons traveled thousands of miles and faced thousands of dangers and horrors to reach Europe to be humiliated, toiling in return for a few dirhams. Allah brought out from you tough men who reject injustice and took it upon themselves to support the religion of Allah, and to fight the cross and those who follow it, and took the worshipers from the worship of other worshipers to the worship of the Lord of the worshipers.

By the grace of Allah, we are proud to hear today about the death, slaughter, devastation, displacement and expulsion of the Crusaders, and the destruction of the armies of the cross and ridda' in Africa. Take heed of the glad tidings O Africa, as the grandchildren of the conquering Companions have returned to restore victory and empowerment to the Shari'ah of the Lord of all creation.

O sons of Islam, hurry and take up the sharp sword and fight the vile enemies of Allah, and that is through joining the Islamic



State. It was among the blessed deeds of its heroic soldiers to avenge their Muslim brothers who were killed by the Crusader coalition in Sire, Mosul, Raqqah and other Wilayat of the Islamic State. So, thee African lions rose to avenge, and they killed the Christians and expelled them from their homes, burned and smashed their houses, and this is the way with those. We have yet to satisfy our revenge, and what is coming is more devastating and bitter. Let the Christians live in terror, causing their hearts to be laid bare and the hair of their children turn grey, Allah willing, because of their war on the Muslims and their fight against the worshipers of Allah the mujahidin, ***{and the [best] outcome is for the righteous}*** *[Al-Qasas: 83]*

To the Ahlus-Sunnah in Sham who lived in the territory of the Islamic State: after the glory and sovereignty held by its people, do you enjoy living in huts and tents? Do you like the humiliation of taking food and drink from different organizations? What about the rule of the Sahawat, the atheists, and the vile Nusayris? You have seen what followed their fighting the Islamic State, with their replacing the Shari'ah of the Lord of the wilderness with man-made laws and shirki constitutions. Now you know why we declared takfir on the Sahawat, the factions and the fronts, and why we fought them and they fought us. We specifically mention them and not the atheists and Nusayris, because they bear Islamic names and hold banners that are both false and ignorant.

Was the difference not clear between those who seek help from the Lord of all creation and fight to make His word supreme and rule by His Shari'ah, and those who seek the help of the Pentagon, the Turkish murtaddin and the Crusaders, and uphold kufr in their courts by judging with man-made laws. By Allah, the Sahawat only plunged deeper into humiliation and shame. What they promised their supporters is only walking shoes and soles. The powerful overwhelmed the weak, their rich stood over their poor, and the worst of them boasted of their kufr and work over those who were clueless. In the end, the Turks manipulated them, driving them to the animal market of what their interests required. By Allah, the oxen of the revolution failed, and they were the worst people of the cause known to history.

All of that because they brazenly fought the Muslims and refused to rule by the Shari'ah of the Lord of all creation after they saw the clear evidence and the evident arguments, in the sincerity of the call of the people of jihad, and the steadfastness of the sons of the state of heroics. So, they objected and scornfully refused to be soldiers in it and to accept rule by the Shari'ah of Allah. And as they denied to be the slaves of Allah, Allah made them experience unparalleled humiliation. Their fake fight against the atheists today, is nothing but rotten nationalism and old and worn patriotism with dull swords tempered by others. The far and near know that the Islamic State fought the atheists because they are atheists who do not believe in Allah as lord, nor in Muhammad ﷺ as a prophet, nor in Islam as a religion. Or war with them was memorable and it still is, and we will have rounds with them in which their faces turn black and worsen, Allah willing.

As for the defiled Nusayris, we struck their necks with swords until those swords bent, and slaughtered them with knives until those knives grew blunt. There are none left to battle the Nusayris today except the mujahidin of the Islamic State (may Allah grant it glory). They fight them in the deserts and the wilderness, and they chase them from house to house, disturbing their lives and setting fire to the calm they brought with the rest of their enemies from the scum of the factions and parties

So, O Ahlus-Sunnah in Sham, has the
truth not become obvious to you yet?
None is correct in understanding
If they need a guide by day

To the Ahlus-Sunnah in Iraq, your situation is not any better than others, as your concern over life matters only increased the humiliation to the defiled Rafidis and made you suffer setbacks. Have you been blessed with safety and security after you failed to support the people of faith? What safety do you claim? What fitna do you allege? The fitna is what you fell into and arrived at. Here are the Rafidis jousting over power and authority, between a political current and framework, all the while you are humiliated by them and humbled, being led by what they judge and having lost the good you had. You have fallen into this situation. You are more aware of the mujahidin and have more insight into the state of Muslims than others. By Allah, you have not tasted glory but under its banner. What are you running from? Come back to your senses, support your sons and brothers, and fight under the banner of the Islamic State so that you may return to your former glory By Allah, you have not experienced glory except under its banner. "***{And to Allah belongs [all] honor, and to His Messenger, and to the believers, but the munafiqin do not know}*** *[Al-Munafiqun: 8]*

To the Ahlu-Sunnah in Yemen, what did you gain from your silence and neutrality except for the defiled Houthis imposing themselves on you? Did you think that Al Salul and their murtadd followers would stop the affliction of the Houthis against you? By Allah, the Houthi mushrikin have none to stop them but the heroes of the state of the Muslims. You have seen the extent of pain they made the Houthis suffer. Meanwhile, Al Salul, exhausted by the war, sought peace with the Houthis, crawling to them in submission. As for our heroes the mujahidin, they continue lying in wait for the Houthis in this place and that, and as soon the opportunity is available, they pounce on them and tear them apart. The best evidence is what the brave, fervent and conquering lion did in his istishhadi operation on a crowd of Houthi leaders, turning them into pieces and dispersing them. I ask Allah to accept into the highest ranks, him and all of those mujahidin who were killed in support of this religion. ***{And whoever obeys Allah and the Messenger - those will be with the ones upon whom Allah has bestowed favor of the prophets, the steadfast affirmers of truth, the martyrs and the righteous. And excellent are those as companions}*** *[An-Nisa: 69]*

O Muslims in all corners of the earth, Arab and non-Arab, what is holding you back from jihad for the sake of Allah after all this? Have you not seen how the Crusaders support their cross through fighting? Those who take up a cause support it with men and money, though it is falsehood and heading to the worst fate. So, why do you fail to support the truth? What is it stops you from it? The mujahidin warned you about this betrayal.

O sons of Islam, every man today will return to his people and every people of a sect to their sect. After Allah, you have nothing but the Islamic State. Therefore, obey the order of your Lord, follow the Sunnah of your Prophet, give bay'a to your Khalifah, and gather around your state. Allah says: ***{"And hold firmly to the rope of Allah all together and do not become divided"}*** *[Aal-Imran: 103]* And the Messenger of Allah ﷺ said: "And I command you with five that Allah commanded me: Listening and obeying, jihad, hijrah, and the jama'ah. For indeed whoever parts from the jama'ah the measure of a hand-span, then he has cast off the yoke of Islam from his neck, unless he returns. And whoever calls with the call of jahiliyyah then he is from the coals of Hell. A man said: O Messenger of Allah!

Even if he performs Salat and fasts? So He ﷺ said: Even if he performs Salat and fasts. So call with the call that Allah named you with: Muslims, believers, worshipers of Allah." [Narrated by Ahmad and at-Tirmidhi. Abu 'Issa at-Tirmidhi said: This Hadith is graded authentic]

This can only be achieved by the presence of a jama'ah of Muslims and an imam for the muwahhidin. To this day, we in the Islamic State fight under a clear and unmistakable banner, in which we do not differentiate between Muslims, unlike the nationalist tawaghit who appeal to race and region, and brand Muslims with names of ignorance and foster among them tribalism and loyalty to countries with imaginary borders. The world saw how different races and peoples gathered in the Islamic State. They were united by tawhid and so they banded around it and fought under its banner. ***{Among them is he who has fulfilled his vow [to the death], and among them is he who awaits [his chance]. And they did not alter [the terms of their commitment] by any alteration}*** *[Al-Ahzab: 23]*

Recently, there have been made projects and appeals in the Islamic Ummah. Every people gave their contribution, showing something and hiding others, and they twisted, shaped, changed, distorted and altered, all this to quench their thirst for power and the popular base. By Allah, they have not succeeded. The Islamic State came as the successor to the best predecessor; to the clear goal it proceeds, and it does not flatter, it does not compromise, and it does not give consideration to the adornments of the world. It proceeds with trust in Allah and certain in the commitment to His words: ***{"Say, 'This is my way; I invite to Allah with insight, I and those who follow me. And exalted is Allah; and I am not of those who associate others with Him'"}*** *[Yusuf: 108]*

The Islamic State is committed to what is in the Book of Allah and the Sunnah of His Messenger ﷺ of rulings and laws, with the understanding of the righteous predecessors. We do not follow blind desires and we do not speak with words that are incongruent with the words of Allah and the Sunnah of His Messenger ﷺ We do not deny making mistakes, as we are not infallible. However, we do not deliberately err and take pride in mistakes or go back to them after we clarify them.

The observer of the state of affairs of the Ummah today sees the severe injustice done to the Islamic State by those who attribute themselves to the Ummah, whether individuals, groups or organizations. They deny it from fighting the nations of kufr and make it bow in front the storm and adopt policies to neutralize the opponents. So, we say to them, our Lord has ordered us to fight His enemies and to persevere in jihad for His sake. He said: ***{So do not weaken and call for peace while you are superior; and Allah is with you and will never deprive you of [the reward of] your deeds}*** *[Muhammad: 35]*

We follow the prophetic method. We do not give consideration to this world over our religion. We have made our intent and put our trust in Allah, who is Sufficient for us and He is the Best Advocate. We fight all the mushrikin together as they fight us all together, obeying Allah and complying with His order. Allah ﷻ said: ***{And fight against the kuffar collectively as they fight against you collectively. And know that Allah is with the righteous [who fear Him]}*** *[At-Tawbah: 36]* Whoever among them inclines to peace with us, we incline to the same with him, and that is obeying our Lord. He ﷻ said: ***{And if they incline to peace, then incline to it [also] and rely upon Allah. Indeed, it is He who is the Hearing, the Knowing}*** *[Al-Anfal: 61]*

It is also said, why do you make people repulsed from the religion of Allah, as you kill, shed blood, and wade deep in death? So, we say, during the past decades, the kuffar from the Crusaders, Jews, Magians and atheists have transgressed against the Muslims and attacked them. Allah ﷻ said: ***{O you who have believed, fight those adjacent to you of the kuffar and let them find in you harshness. And know that Allah is with the righteous}*** *[At-Tawbah: 123]* And Allah ﷻ said: ***{Muhammad is the Messenger of Allah; and those with him are forceful against the kuffar, merciful among themselves}*** *[Al-Fath: 29]* The Messenger of Allah ﷺ pierced the eyes and slaughtered and killed those in bonds. So, this is our manner against theirs.

It is also said, why do you kill Muslims? This refers to the Sahawat of Iraq, Sham and elsewhere, and those who belong to al-Qaeda. We say, if you consider them to be Muslims, then we have evidence of their kufr and ridda' from the religion of Allah. The only reason for the existence of the Sahawat of Iraq is to fight the mujahidin and extinguish the fire of jihad in Iraq, after the Crusaders and their hordes from the Shi'ite mushrikin failed in the war against the mujahidin. The Sahawat came with clear support from the Crusaders and outright dependence on them to eliminate the state of the muwahhidin. As for the Sahawat of Sham, their leaders brazenly declared that they want a civil state in which all all of the people are equal, and their Muslims and their kuffar are ruled by man-made constitutions and laws. Such a thing is not even said by insane Muslims, let alone their sane and he who makes himself their leaders. Then, they fought us based on the directives of the Cross, fearing that the Islamic State would extend to Sham. Allah decreed, however, that it would extend, despite their noses.

As for those who belong to al-Qaeda, they rejected the jama'ah and preferred division, then supported the kuffar and the murtaddin against us without any legitimate aim or objective other than fighting the project of the Islamic State. They stood in the ranks of its enemies and the enemies of the religion, removed the rule by the Shari'ah of the Lord of all creation from some of the areas in which the Islamic State fell back because of their war with the enemies of Allah.

And if there is concern about the establishment of the hudud on some of those who lived in the areas ruled by the Islamic State, either because of their ridda' from the religion of Allah or warranting death as a hudud or disciplinary measure, then all of that fell within the Shari'ah courts, ruling with what Allah revealed.

We are not ashamed of killing the murtadd, cutting off the hand of the thief, and stoning the adulterer. If you are ashamed of that, may Allah forbid that, or you fear the United Nations or obey its laws lest it classify you as terrorists, then know that this is the religion of Allah. We were given empowerment in the land and in vast areas in which millions of Muslims and others live, and so we ruled them by the rulings of Allah and established over them His Shari'ah.

Many are those who spread false news
And increase the lies among the ranks
As for he with a conscious mind
A guiding word came to him, so pay attention

In this regard, I cannot but pray for victory and firmness for the lions of the Islamic State. If I decorated the speech and chose for it the most fragrant, sweet and fresh words, it would still be insufficient to describe you. If I could be with each and every one of you, I would kiss your head and give unto you for what you expressed of your love. May Allah bless you and your jihad. Congratulations to you on this great abundance and bounty. So many Muslim youths wish to be with you today, crossing over valleys and fighting the friends of Satan. All praise is due to Allah for His blessing and favor, and thanks are due to Him for His grace and generosity.

I specifically mention and praise the lions of Islam in Sinai, the holders of the burning embers. The Jews and their agents from the followers of the Pharaoh of Egypt and its Sahawat have gathered against them, so they proved to them to be as firm as mountains, and they supported their religion with money and men. Blessed are you O mujahidin, as you were before and continue to be a thorn in the throats of the Jews. They seek and their slaves seek to eliminate you, but they are losers and failures, by Allah's permission. You are the protective shelter for Bayt al-Maqdis, and as for the murtadd factions that have become Shi'ites in Palestine, they are dirty liars who have revealed the rottenness of what they hide. Their chiefs said in the past that they fight the Jews, not because they are Jews, but because they are occupiers. That means they fight for the sake of the land and not for the sake of the religion.

We say to the Sahawat of Sinai, did you not give consideration to the failure of those before you from the Sahawat of Iraq and Sham, and how the Crusaders used them to fight the Islamic State and after, left them as starving dogs to run after food and drink, and did not even appoint them over their own homes and selves? Do you think that by fighting the Islamic State you will please them? By Allah, that will not be the case. Allah ﷻ said: ***{And never will the Jews or the Christians approve of you until you follow their religion. Say, 'Indeed, the guidance of Allah is the [only] guidance'. If you were to follow their desires after what has come to you of knowledge, you would have against Allah no protector or helper}*** *[Al-Baqarah: 120]*

Is it for their sake you lose this world and the Akhira? Is it for the sake of the Jews, for whom you weigh less than a single grain? Or is it for the sake of as-Sisi, who sees you as barbarous, savage tribes? Stop this temptation and nonsense. Leave the support of the Jews and the army. What kind of life is this for you to live? Soon they will abandon you and leave you to be taken by the silenced weapons of the mujahidin and the knives of the muwahhidin. So, consider this today, before there comes a day when regret will be meaningless.

At last, I praise the battle-hardened knights, the loyal men, the mountains of Khurasan and its stakes. You made the people of ridda' and the people of shirk taste from lethal poison. You supported your Prophet after the people of cowardice proved their craven nature. You made the Taliban suffer pain for their fabrications against the religion. They did not rejoice in their morbid domain given to them by the Crusaders, and they failed to protect the Rafidi mushrikin. The Taliban can no longer protect the vehicles of its murtadd soldiers or the convoys of Hazara mushrikin. How can he who protects those who transgress the honor of our noble Prophet succeed? How can he who declares major injustice openly succeed? How can he whose grief and sorrow over killed Shi'ites in Khurasan equals that of Shi'ites all over the world for them, succeed? O Taliban, who are you trying to please? To what religion do you belong? And what policy do you adopt? The truth is bright and falsehood is tarnished. Do not confuse the Muslims and say you do what you do not. Allah ﷻ said: ***{And do not mix the truth with falsehood or conceal the truth while you know [it]}*** *[Al-Baqarah: 42]*

O people, by the grace of Allah, today we have battalions that invade on the fronts, brigades that carry out assassinations, and media units performing ribat on the platforms. We call you to Allah day and night, in private and in open. So, do not be among those who pray to escape, but be supporters of the religion of Allah.

O Allah, O Living and Enduring, O Most Gracious, O Most Merciful, Merciful, O Lord of Majesty and Bounty!
O Allah, release our captive brothers and sisters from the prisons!
O Allah, Support Your worshipers the muwahhidin, support the state of the Muslims, and raise the word of the religion, O Lord!
O Allah, forgive us our faults and excess in our command, make our foothold firm, and grant us victory over the people of kufr!
Our last prayer is all praise is due to Allah, the Lord of all creation.

And Hold Fast, All of You Together, to the Rope of Allah, and Be Not Divided Among Yourselves

By the Official Spokesman of the Islamic State

Shaykh Abu Umar al-Muhajir (May Allah Preserve Him)

To the captive Muslims everywhere, I will tell you only that when we had promised before to free you, we have firm trust in our dear Lord and did not doubt for a moment that with the power of Allah and His strength, you would emerge to what gives your pride, Allah willing. What happened with the demolishing of the walls of Koge, Kakwangora afterward, and Ghwayran one year before that, is but a drop from the down-pouring rain of victory and the coming relief, by Allah's permission. So, the African lions rose to avenge, and they killed the Christians and expelled them from their homes, burned and smashed their houses, and this is the way with those.

By Allah, the oxen of the revolution failed, and they were the worst people of the cause known to history. All of that because they brazenly fought the Muslims and refused to rule by the Shari'ah of the Lord of all creation after they saw the clear evidence and the evident arguments, in the sincerity of the call of the people of jihad, and the steadfastness of the sons of the state of heroics. So, they objected and scornfully refused to be soldiers in it and to accept rule by the Shari'ah of Allah. And as they denied to be the slaves of Allah, Allah made them experience unparalleled humiliation.

O Muslims in all corners of the earth, Arab and non-Arab, what is holding you back from jihad for the sake of Allah after all this? Have you not seen how the Crusaders support their cross through fighting? Those who take up a cause support it with men and money, though it is falsehood and heading to the worst fate. So, why do you fail to support the truth? What is it stops you from it? The mujahidin warned you about this betrayal. O sons of Islam, every man today will return to his people and every people of a sect to their sect. After Allah, you have nothing bu the Islamic State. Therefore, obey the order of your Lord, follow the Sunnah of your Prophet, give bay'a to your Khalifah, and gather around your state.

To this day, we in the Islamic State fight under a clear and unmistakeable banner, in which we do not differentiate between Muslims, unlike the nationalist tawaghit who appeal to race and region, and brand Muslims with names of ignorance and foster among them tribalism and loyalty to countries with imaginary borders. The world saw how different races and peoples gathered in the Islamic State. They were united by tawhid and so they banded around it and fought under its banner. "Among them is he who has fulfilled his vow [to the death], and among them is he who awaits [his chance]. And they did not alter [the terms of their commitment] by any alteration" (Al-Ahzab: 23).

Recently, there have been made projects and appeals in the Islamic Ummah. Every people gave their contribution, showing somethings and hiding others, and they twisted, shaped, changed, distorted and altered, all this to quench their thirst for power and the popular base. By Allah, they have not succeeded. The Islamic State came as the successor to the best predecessor; to the clear goal it proceeds, and it does not flatter, it does not compromise, and it does not give consideration to the adornments of the world. It proceeds with trust in Allah and certain in the commitment to His words: "Say, 'This is my way; I invite to Allah with insight, I and those who follow me. And exalted is Allah; and I am not of those who associate others with Him'" (Yusuf: 108).

The Islamic State is committed to what is in the Book of Allah and the Sunnah of His Messenger ﷺ of rulings and laws, with the understanding of the righteous predecessors. We do not follow blind desires and we do not speak with words that are incongruent with the words of Allah and the Sunnah of His Messenger ﷺ. We do not deny making mistakes, as we are not infallible. However, we do not deliberately err and take pride in mistakes or go back to them after we clarify them.

In this regard, I cannot but pray for victory and firmness for the lions of the Islamic State. If I decorated the speech and chose for it the most fragrant, sweet and fresh words, it would still be insufficient to describe you. If I could be with each and every one of you, I would kiss your head and give unto you for what you expressed of your love. May Allah bless you and your jihad. Congratulations to you on this great abundance and bounty. So many Muslim youths wish to be with you today, crossing over valleys and fighting the friends of Satan. All praise is due to Allah for His blessing and favor, and thanks are due to Him for His grace and generosity.
